Mission:

Zonta International is a leading global organization of professionals empowering women worldwide through service and advocacy.

Overview of Zonta International

Since Zonta was established in 1919, many members have joined us and are contributing actively to our objectives. Today, we are a leading global organization of more than 30,000 members in a diversity of professions in 67 countries worldwide.

The main objectives for Zonta are to achieve gender equality and empowerment of women. We believe that a better world can only be a reality when women have access to all resources, and are represented in decision making positions on an equal basis with men, when every woman is able to achieve her full potential.

In Zonta, we empower women worldwide through service and advocacy while we develop ourselves.

“Zonta” is derived from a Lakhota (Teton Dakota), a language of the Native-American Sioux peoples, word meaning honest and trustworthy. It was adopted in 1919 to symbolize the combined qualities of honesty and trust, inspiration and the ability to work together for service world understanding.
